## About Me

I am a passionate and innovative Graphic and UI/UX Designer dedicated to creating visually stunning and user-centered experiences. Design is not just a profession but a lifelong fascination for me. My work is driven by the belief that great design has the power to shape user behavior, convey emotions, and elevate brand identities.

## Work Experience

### Computer Engineering Company (CEC)

#### Graphic Designer | 2019 – 2021

- Created distinctive and memorable logos that effectively represented clients' brands and conveyed their unique identities.
- Designed a wide range of visual assets, including brochures, flyers, banners, social media graphics, and promotional materials.
- Consistently received positive client feedback for creative design solutions, attention to detail, and efficient project management.

### OswaTech

#### SR. Graphic & UI/UX Designer | 2022 – Present

- Collaborated with cross-functional teams to design and implement user-friendly interfaces for web and mobile applications.
- Conducted user research, user testing, and gathered feedback to iterate and improve designs.
- Created wireframes, prototypes, and high-fidelity mockups to communicate design concepts effectively.
- Developed and maintained design guidelines and UI pattern libraries.
- Worked closely with developers to ensure seamless implementation of designs.

### Freelancer

#### Graphic & UI/UX Designer | 2017 – Present

Delivering top-notch design solutions to clients across various industries. My expertise lies in crafting engaging user interfaces and visually striking graphics.
